THE IDEA SCOUTED.

Many People Deny Dynamite the Cause of Wreck.

CLING TO THE THEORY OF WASHOUT

The Italian, Paduano, Is Reported Safe and Sound, and It Seems He Was Not In the Great Railroad Disaster at All.

GARRISONS, N. Y., Oct. 29.—The theory advanced by some of the railroad people that the embankment of the New York Central railroad where the State express was thrown into the river on Sunday was blown out with dynamite by train wreckers is given little or no credence by the people of the surrounding country. The train wrecking idea is almost universally scouted, and the popular explanation of the cause of the disaster is that it was simply a washout of the kind so common to railroads that are built on made ground alongside of large streams of water.

Every day since the accident Jacob Foyle, a brother of the dead engineer, has been at the scene waiting and watching for his brother's body to be brought to the surface. He was there as usual yesterday, and so great was his anxious desire to have the remains recovered that he engaged men in rowboats to patrol the river north and south to watch for the body. Jacob Foyle was a railroad man for 27 years, but quit the work some time ago because of its dangers. He says:

"Many a time I have coaxed John to give up his job, but he always refused, saying that he would rather be on his engine than any other place on earth, although he himself predicted that it would be his fate to be killed just in this way."

Coroner Woods has learned that a mistake has been made in the identification of the dead Italian as Giuseppe Paduano. He received a letter from G. W. Gaynor, president of a quarry company at Hurlburtson, N. Y., which states that Paduano is alive and well and in the employ of his company at that place.

He suggested that the dead man was probably Christiano de Yulio, who was employed by the same company and who left Hurlburtson Saturday night to go to New York on his way to Italy, where he has a wife and one child. He was going to bring them to this country. The coroner found tied around the leg of the Italian the sum of $140. De Yulio's father, Michael de Yulio, lives at Tuckahoe, N. Y.

The coroner also received a letter from Adolph Becker of Canton, O., asking for information of his brother, W. F. Becker, who he feared had been killed. The coroner answered that W. S. Schenck of Newark was one of the victims, but that he had been identified by relatives and buried in Yonkers.

A well dressed man of prosperous appearance, about 50 years old, alighted from a western express at Garrisons, accompanied by a little girl. He said he was looking for his daughter and also made inquiries about a young man. He refused to give his name and appeared to be very much troubled. The conductor said he boarded the train west of Rochester.

The bodies of the Italian and the unidentified woman are the only ones remaining in the Cold Spring morgue. The death list may reach 21, as one more missing, a Chinaman, is missing. Conductor Parish says that there were 11 Chinamen on the train, and only ten have been accounted for.

Engineer Frank M. Townline, brother of Fireman John Q. Townline, who was killed at Garrisons, denies the published statement that his brother's body was on the front of the engine. He says he was in a position near where the engine was raised, and he saw his brother's body in an upright position, sustained by the mud that had settled about it, at the end of the engine nearest the tender on the engineer's side. One arm was extended above his head. The other hand tried to clutch the handle of the long lever of the engine.

American Girl Weds a Count.

PARIS, Oct. 29.—The marriage of Miss Fanny Fithian, second daughter of Mr. and Mrs. J. Adams Fithian of California, and of 21 Avenue Kleber, to Count Arthur de Gabriac, son of the Marquis and Marquise de Gabriac, was duly solemnized at the Church of Saint Honore d'Eylau, which was exquisitely decorated with white roses, chrysanthemums and palms. The witnesses for the bride were General Horace Porter, United States embassador, and Mr. Chester Alan Arthur, and for the bridegroom the Marquis de Monteynard and Count Joseph de Gabriac, his elder brother.

Weather Forecasts Demands.

WASHINGTON, Oct. 29.—Chief Moore of the United States weather bureau in his annual report to Secretary Wilson calls for an appropriation of $1,044,050 for the next fiscal year, and says this will admit of the establishment and equipment of new stations in important centers of population. Establishment of stations in the southwestern part of the country, embracing Nevada, Utah, Arizona, New Mexico and southern California, where storms frequently originate, is urged.

A New World's Record Made.

PHILADELPHIA, Oct. 29.—Eddie McDuffie, at Willow Grove bicycle track, established a new world's record for one mile, paced, covering the distance in 1:35 2-5, three-fifths second lower than the record made by Jimmy Michael on the same track several weeks ago. McDuffie's time also equals the time made by Stocks in London last summer, although the latter's time was not accepted in this country on account of the character of his pace, a motorcycle.

CLEVELAND HAPPY.

His Wife Has Just Presented Him With a Son and Heir.

PRINCETON, N. J., Oct. 29.—A boy has been born to Mrs. Grover Cleveland. Mother and son are both doing well.

Mr. and Mrs. Cleveland were married on June 2, 1886, and their first baby was born at 816 Madison avenue, New York city, in October, 1891. The baby girl was named Ruth, as that had been the name of Mrs. Cleveland's grandmother. The baptism took place Jan. 9, 1892, in Lakewood, N. J., the Rev. Dr. Wilton Merle Smith officiating.

A second daughter was born Sept. 9, 1893, during President Cleveland's second term of office in the White House, Washington. It was the first child born to a president under that roof. This

baby was christened Esther in the White House on Feb. 19, 1894.

A third girl was born to Mrs. Cleveland on July 7, 1895, at their home at Buzzards Bay.

The newcomer is the first boy and will probably be given the same name as his distinguished father.

It is probable the undergraduates will serenade former President Cleveland and his heir at some future date. On the college bulletin board in front of Reunion hall was posted the following bulletin:

"Grover Cleveland, Jr., arrived. Will enter Princeton with the class of 1916 and will play center rush on the championship football teams of '16, '17, '18 and '19."

PICKED UP AT SEA.

A Human Derelict May Have an Exciting Story to Relate.

BROOKLYN, Oct. 29.—Something in the nature of an exciting yarn can be expected when a mariner who is now in a hospital returns to consciousness and finds some one who understands his West Indian lingo. This man, who was too weak to tell his name or aught of himself, was picked up at sea by John Morris, a Brooklyn fisherman, whose sailboat had been driven out to sea by the storm.

Morris brought his boat into Keyport and there told of his mishaps and the stranger that he had taken in. The fisherman explained that the great storm had picked up his craft and sent it lurching seaward; that he had finally managed to get his boat hove to, but that she still kept up a good rate of leeway.

The dawn broke and the lone fisherman saw by the pale light a dark object wobbling on the waves a short distance from his craft. While straining his eyes to see what it might be a faint cry came to him and at the same time he saw the head and shoulders of a man, a glimpse of wreckage, and then a sea washed between.

Morris lost no time in wondering at the strange object, but set out maneuvering his boat to the rescue and within a few minutes had the man in reach. The sailor sank into a faint as soon as he had been hauled on board. He is apparently a West Indian, and from the few signs he was able to make when brought into Keyport it was gathered that he had been carried overboard with a spar wrenched by the gale from an outward bound vessel.

The man's arm had been broken by the fall and hung limp by his side. By signs he made it known that he had been many hours in the water. He was too exhausted to give any further account of himself. He was sent to the Marine hospital, where his wounds were dressed. Not until he recovers will it be possible to know what ship it was that he parted company from.

A Case of Hydrophobia.

ATLANTIC CITY, Oct. 29.—The former keeper of the city's dog kennel, William H. Jones, was suddenly seized with hydrophobia yesterday. He is in the city jail suffering violently from the disease. Two physicians say he cannot live. He snaps and barks like a dog constantly. The man was bitten by a dog last summer.

Advertisement Ended In Marriage.

BINGHAMTON, N. Y., Oct. 29.—Mrs. Joseph Laurer of this city was married to Mr. Leroy H. Wright of San Francisco. The marriage was brought about by an advertisement in a Chicago matrimonial paper.

Pardoned After Many Years.

WASHINGTON, Oct. 29.—The president has pardoned Louis Redwine, now in the Columbus (O.) penitentiary and convicted in Atlanta six years ago of complicity in the loss of funds in the failure of a national bank. His term would have expired Nov. 4.

Aged Captain Goes Overboard.

LUBEC, Me., Oct. 29.—Captain Alfred Stanley, aged 72, was lost overboard from his vessel, the schooner Dreadnaught, in Lubec narrows, yesterday afternoon. The vessel and captain both hail from Grand Manan.

SHE WON BY A HAT.

Marriage Certificate Written In Lining of a Tile.

WIDOW NEEDED IT TO GET INSURANCE

The Ceremony Was Performed During the Election Excitement of 1884, and the Evidence of the Ceremony Was Then Mislaid.

WILKESBARRE, Pa., Oct. 29.—A silk hat, crushed and battered by rejoicing Democrats on the night of Nov. 7, 1884, when Grover Cleveland was first elected president, has just proved the means of giving to a despairing widow a snug fortune and proving that she was legally married.

The hat is the property of Alderman Donohue of this city. Donohue was one of the most enthusiastic of Cleveland's supporters during his first presidential campaign, and he bet heavily and worked hard for him. On election day in 1884 Donohue won a silk hat on the big Cleveland vote polled in his ward, and, donning the hat, he waited for the returns from other places. Cleveland majorities came piling in, the alderman celebrating each bulletin in the approved manner.

In the midst of the glad news Donohue was hastily summoned to the Bristol hotel to marry George Bounds and Miss Mary Rogers. Eager to get back to the bulletin boards, he galloped through the ceremony, kissed the bride and, having no paper, hastily made a note of the marriage on the white silk lining of his new hat, promising to send a marriage certificate to the happy couple the next day.

Among the incidents of that night, of which the alderman has no clear recollection, must have been a heated argument. When he arrived home in the morning, the hat looked very much as if it had been through a football game, and Mrs. Donohue stowed it away in the depths of a dark closet.

Donohue a year ago received a letter from Mrs. George Bounds of Montana stating that her husband had been killed on the railroad, where he had been employed as brakeman, and that before she could get the amount of the insurance carried by her husband in a lodge she must produce her marriage certificate. She asked Donohue to forward the long delayed paper.

The alderman examined his books and found no record of any such marriage and replied to that effect. Then Mrs. Bounds came on here and recalled the circumstances of the case, but Donohue could remember nothing of the night, except that Cleveland was elected. The widow returned to Montana in despair.

Mrs. Donohue, about six weeks ago, while housecleaning, ransacked a closet and discovered an old and battered silk hat, the same one put away there some 13 years before. She dusted it and accidentally saw the writing on the lining, legible and distinct. Then the alderman remembered, and the next day the hat and a marriage certificate sped westward.

Donohue yesterday received a letter from the grateful Mrs. Bounds, saying the court had accepted the evidence of that hat and had decided in her favor.

Will Not Contest Pullman's Will.

CHICAGO, Oct. 29.—There is to be no contest of the Pullman will, so both sons of the dead palace car magnate declare. Said George M. Pullman: "The idea of wishing to contest my father's will has never entered my head nor my brother's, either. No steps have been taken and none will be taken to break the will. My relations with the Pullman Palace Car company and with my family are most cordial. I am in the company in the capacity of an assistant district superintendent and expect to remain with the company."

Civil Engineer Doane's Will.

BOSTON, Oct. 29.—The will of the late Thomas Doane, the well known civil engineer, gives his estate to trustees, who are to pay the net income to the testator's wife and other relatives for a term of years, and when the youngest grandchild of the testator attains the age of 21 years the principal of the trust fund is to be paid to Doane college, Crete, Neb. The estate is valued at from $150,000 to $200,000.

Carnegie Would Sell.

PARIS, Oct. 29.—Andrew Carnegie, who is here, says that he has offered the Carnegie Armor Plate works to the United States government. If the offer is not accepted, the firm will sell them abroad. He says that he only took up the armor business from a sense of duty to his country and that the works have never paid. The firm means to sell out at the smallest possible loss.

RICHMOND, England, Oct. 29.—The funeral of the Duchess of Teck, cousin of Queen Victoria, sister of the Duke of Cambridge and mother-in-law of the Duke of York, who died at the White lodge here, will take place on Wednesday next. It had been provisionally arranged for Saturday.

BEGGING FOR DELAY

The Coates Syndicate Wants U. P. Sale Postponed.

DECLARES GOVERNMENT WOULD GAIN

Judge Harmon Issues a Statement to Show Why Union Pacific and Kansas Lines Must Be Sold Separately.

LONDON, Oct. 29.—Long cable messages have been sent to United States Attorney General McKenna in the matter of the Union Pacific railway sale on behalf of the Coates syndicate, making offers meeting the objections raised. The syndicate claims that its bid would produce $20,000,000 more to the government than any other bid and urges that the sale be adjourned until Dec. 15 to enable congress to determine as to the advisability of the acceptance of bonds in part payment.

Coates, Son & Co. contend that by the sale of the Union Pacific separately the United States government will be a loser, while they (Coates, Son & Co.) propose to pay the government in full for both roads.

The final cable message sent Wednesday asserts that the latest Schiff bid is very little better than the previous bids and that once Mr. Schiff has secured the Union Pacific he will have the Kansas division at his mercy and be able to get it at his own price. The dispatch concludes as follows:

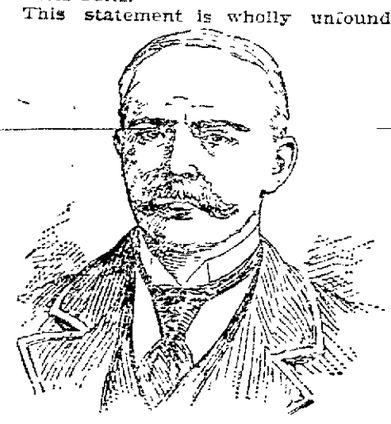
"If the government secures a postponement of both sales to Dec. 15, the Coates syndicate will furnish guarantees to pay in full the government claims on both roads. Congress can then determine whether both roads should not be sold concurrently. By our bids we have already earned $8,000,000 for the government and are, therefore, entitled to a fair opportunity, to more than four weeks' notice of sale of these great railroads, to secure the property on the basis of getting some millions more for the government."

Judge Harmon's Statement.

CINCINNATI, Oct. 29.—Judge Harmon, who was attorney general under the last administration of President Cleveland, has given out a statement concerning the sale of the Union Pacific railway. It is in part as follows:

Among the criticisms of the Union Pacific situation it is publicly declared by some that the foreclosure of the government's lien on the main line and of that on the Kansas Pacific line should have been in a single suit and that possible loss by breaking up the unity of the properties might have been avoided by afterward consolidating the several suits.

This statement is wholly unfound-



JUDGE HARMON.

ed. As the property is in seven different states and judicial districts a separate suit had to be brought in each. The disadvantage of this to the government was plain from the start. Accordingly in a bill for a settlement prepared at the request of congress by Mr. Olney he inserted a provision authorizing a foreclosure of all the government liens in a single court, if suit should become necessary. The bill failed and this provision with it.

The sale was to be at public auction, subject to the approval of the court and free and open to any and all bidders without restriction or condition, as shown by the terms of the agreement submitted to congress at the time, July 28, 1897.

The suits which were brought in February had to remain separate like those brought to foreclose the proper mortgage, making a unit sale of the entire property possible only by concurrent actions of the various courts with the consent of all parties. The consolidation of the suits has always been as much out of the question as foreclosure by a single suit was in the beginning.

Making Ready For the Sale.

OMAHA, Oct. 29.—Unless the unexpected shall happen, the Union Pacific railroad will be sold here at auction on Monday. The transaction will involve the largest sum ever disposed of by this means in the United States, yet the whole matter is not expected to occupy more than ten minutes. Special Master in Chancery W. D. Cornish of St. Paul has been appointed auctioneer. He will offer the road after the clerk has read a general description of the property, receive the bids and announce the result. This will all be orally.

Attorney Winslow S. Peirce, who will represent the organization syndicate, will make the formal bids for the committee. It is believed that he will be opposed by a representative of the Sage syndicate, although this is by no means certain.

The sale will take place from the north steps of the old courthouse.

Ten to Be For Nine Shots.

LOCKPORT, N. Y., Oct. 29.—Judge Fisher sentenced Bert Carpenter of Lewiston to ten years in Auburn for shooting nine times at Constable J. Townsend last spring while attempting to arrest him.

TO STOP PELAGIC SEALING.

Reported That a Proposition to This Effect Is Before the Conference.

WASHINGTON, Oct. 29.—In reliable quarters it is stated that the conference between Russia, Japan and the United States now proceeding here in reference to sealing in the Bering sea and the north Pacific has advanced to an important stage and that a proposition has been reduced to writing which, if accepted, will bring about a complete change in the sealing question.

The proposition is said to be acceptable to the United States. It is understood to be acceptable similarly to the Russian delegates now here, but in view of the restrictions placed upon them by their credentials it has been thought desirable to cable to St. Petersburg for final instructions.

The Japanese delegates are said to have felt at first that the proposition would not be in their interest, but on fuller conference Mr. Fujita determined to cable the substance of the proposition to his government, accompanying it with a recommendation of its acceptance. Little doubt is entertained that Russia will accept it, and in view of Mr. Fujita's recommendation it is believed that Japan also will join in it.

It is understood that the proposition has a far reaching scope and provides for the material limitation or entire suspension of pelagic sealing, or sealing on the high seas. Such a decisive step, if agreed to by Russia, Japan and the United States, would, it is understood, not involve any concerted move to menace the claims of Great Britain and Canada to the right of pelagic sealing on the high seas. It would rather be an expression of the conclusions of the three most interested powers that, in the interests of humanity and the preservation of the seal herds of their respective governments, all nations, including Great Britain and her colony, Canada, should unite with Russia, the United States and Japan in such effective prevention of pelagic sealing on the high seas as will put an end to it, thereby securing the preservation of the seals.

ACTED AS MINISTER.

Mrs. Gregory Claims She Was the Clergyman In a Marriage.

CHICAGO, Oct. 29.—A most dramatic scene was witnessed in the probate court at the hearing of the contest over the estate of the late Allen Gregory. Mrs. Lilly D. Gregory, a niece by marriage of the dead cattle dealer, took the stand and testified that she was the person who performed the marriage ceremony which, it is alleged, bound Allen Gregory and Martha Clybourn, his sweetheart of 40 years, man and wife.

Allen Gregory, known as the father of the stockyards, died on Aug. 2 last, leaving an estate valued at $1,000,000. He was supposed to be without wife or child, and letters of administration were issued to collateral heirs. Soon after this, however, Miss Martha Clybourn, or, as she claims, Mrs. Allen Gregory, asked that she be declared the widow and the American Trust and Savings bank appointed administrator.

MUST STAND TRIAL.

True Bill Returned Against Sheriff Martin and His Deputies.

WILKESBARRE, Pa., Oct. 29.—The grand jury has returned a true bill against Sheriff Martin and his deputies for the Lattimer shooting.

The true bills include 19 for murder, one for each man killed, and one for the victims considered collectively.

Thirty-six true bills were found in the same way for felonious wounding against the same defendants.

The likelihood is that Sheriff Martin and his deputies will elect to be tried together. The re-entry of Garman and McGaheren, who withdrew from the case at the time of the preliminary hearing, indicates that the prosecution will be pushed with vigor.

Counterfeiters Found Guilty.

NEW YORK, Oct. 29.—In the criminal branch of the United States circuit court here Frederico Mora and Ricardo de Requesans were found guilty of counterfeiting notes of the bank of Costa Rica and the currency of the republic of Colombia. They were remanded to Ludlow Street jail for sentence. Louis Houseman, who was jointly indicted with Mora and De Requesans, was acquitted.

NEW YORK, Oct. 29.—May M. Kilard has been arrested on a charge of forgery. She is notorious for her connection with the Barbara Aub case and her relations with old William G. Wood, the Harlem millionaire, who lavished many thousands upon her. The warrant for her arrest was issued almost a year ago, and the police have been looking for her ever since.

USELESS MUNITIONS.

Capless Torpedoes For Greek Navy Cause Sensation.

PRINCE GEORGE IN THE SCANDAL.

Two High Officials In the Navy Will Have to Stand Trial by Court Martial on Account of the Unexpected Discovery.

ATHENS, Oct. 29.—A profound sensation has been caused here by a naval scandal of formidable dimensions. It has just been ascertained that all the cartridges fitted to the torpedoes during the war between Greece and Turkey were not provided with percussion caps and fulminating mercury. Hence, if the torpedoes had been wanted they would have been perfectly harmless.

The committee of investigation to inquire into the matter has already decided that two officers, Rastopoulo and Anastasi, must be tried by court martial on the charge of culpable negligence.

The antidynastic newspapers are making violent attacks upon Prince George of Greece, who was the commander of the torpedo flotilla. The prince, who was a great favorite with the masses previous to the war, is deeply affected by these attacks.

The Asty observes that the scandal surpasses anything that could be imagined, adding that Prince George emerges from it with diminished prestige.

Greek Shops Raided.

BRINDISI, Italy, Oct. 29.—A dispatch from Athens, which the censor there refused to allow the operators to send, says that great excitement prevailed at the Greek capital on Monday. Several hundred volunteers, the message continues, invaded many of the shops of that city and seized clothing and food.

The shopkeepers resisted, some of them using arms in so doing. This caused a panic, all the shops in the town were hurriedly closed, and finally the rioters were dispersed by strong patrols of troops, who succeeded in arresting the ringleaders.

The rioters defended their conduct on the ground that they were cold and hungry.

Garza Is Dead.

NEW YORK, Oct. 29.—Recently statements have been made to the effect that Catarina Garza (or Garcia), the notorious Mexican bandit, is now engaged fighting in the Cuban cause. It was Garza who, it will be remembered, led Captain Bourke such a lively chase, when the latter was stationed in Texas, across from the Mexican border. Garza, his band dispersed, disappeared from Mexico, and recently statements have appeared that he was leading a section of the Cuban insurgents. It has developed that Garza was killed in Boco del Toro, on Chiriqui lagoon, during the insurrection in February or March, 1895, and was buried there.

The Plans Approved.

ALBANY, Oct. 29.—The state canal board, at its meeting, approved of plans for improving about seven miles of the Oswego canal, under the $9,000,000 canal improvement act, at an estimated cost of $157,715. This work is divided into two contracts, and when they are let the state will have contracted for the expenditure of the entire $9,000,000 for canal improvement, but it will be some two years before the work for which the contracts are let has been completed.

Your Watch Needs Cleaning!

We have no doubt it does. Nine out of every ten Watches that fail to give their owners satisfaction need cleaning and oiling. Sometimes the owner neglects it too long and the result is worn pivots and general debility on the part of the watch.

A GOOD WATCH IS THE CHEAPEST IN THE LONG RUN,

and if it is carefully cleaned and oiled once a year, it will last a lifetime, yes, a hundred years. Such a watch is a source of satisfaction to its owner. He can meet an engagement or catch a train and never have to excuse himself with—my Watch must be slow.

WEYLER'S SUCCESSOR.

Gen. Blanco Is Said to Be Quite as Cruel as "the Butcher."

Ramon Blanco y Arenas, who succeeds Weyler as commander-in-chief of the Spanish forces in Cuba and as governor of the island, is no new hand at the business he will have to do. In 1894 he was sent by Spain to the Philippine islands to handle the discontented subjects there, and his success, judged from the butcher standpoint, was not what he desired.

Cubans in New York have no more love for Blanco than they have for Weyler and anticipate no relief from the bloody methods that have marked the

GEN. RAMON BLANCO.
(The New Captain-General of Cuba.)

course of Spain during the present revolution. It is even hinted by some good friends of Cuba here that Blanco will attempt to be even more merciless than Weyler. With an additional force of 20,000 men at his command Blanco will have more power than Weyler possessed.

In other quarters than Cuba it is said that Gen. Blanco is really a peacefully disposed man, inclined to use mild methods, and it is declared that to compare him with Weyler is unfair, but these same persons admit that when Blanco settles down to be brutal and merciless he can do it in the most approved manner.

In 1879 Blanco was commissioned captain-general of Cuba. This was just after the suppression of the last revolution, and Blanco announced that he would continue the mild policy of Campos. But he did not keep his promise. He spent the years intervening between the time he was recalled from Cuba in 1881 to the time in 1894 when he was sent to the South seas in various posts in the Spanish army. His attempts to work certain judicial reforms and administrative changes in Cuba did not meet with the approval of the cabinet then in power in Madrid, and his light was hidden for a season. His experience in the Philippines, while cruel, was not cruel enough for inquisitorial Spain, and he was replaced by Polavieja, who was mercilessness personified.

For his services in the islands he was raised to the rank of marshal in 1895, and returned the compliment by reporting to Spain the plot whereby the islanders hoped to escape the thralldom of Spain. Blanco practically resigned from the governorship of the islands owing to his inability to devise means cruel enough to burn out the fire of rebellions. Such is the man who will take "Butcher" Weyler's place in the devastated island of Cuba.

STANDS VERY HIGH.

M. Jules Cambon, France's New American Ambassador.

Jules Cambon, the newly appointed French ambassador to the United States, is at present the governor-general of Algeria. He is to succeed M. Patenotre, who for diplomatic reasons will be sent to another post. M. Cambon's present position is the highest in the diplomatic service of France, and his embassy would be construed as a

reduction in rank were it not that the government, in order to leave no doubt about the matter, has appointed him honorary governor of Algeria. This is the first time such a distinction has been conferred on any man, but there is no question as to the fact that M. Cambon deserves it. He is a diplomat of the very highest order, and his successes have been noted. His appointment, all things considered, is one of the strongest marks of the importance which his new government attaches to the American embassy. The new ambassador is a man of strong character, ability and supreme consciousness of the seriousness of his work. There is no doubt that he will make a splendid impression in Washington.

Figureheads of Our Navy.

On all the new ships of the navy the American shield has displaced as a figurehead the designs carried on the older vessels. This is carved out of solid brass, with the stars and stripes and the shield proper fitted close around the slender bow, while scrollwork extends backward on either side for a distance of four or five feet. The New York, the Minneapolis and the Philadelphia have possibly the most elaborate designs, some having cost $1,000 or $5,000 each.

The Production of Smoke.

It is said that where no hydrocarbons exist smoke cannot be produced by any fuel. Recent experiments made in the laboratories of Sibley college showed from ten to twelve pounds of soot in the smoke generated by the consumption of a ton of coal. Of this soot, about one-half was carbon, the remainder principally unconsumed hydrocarbons, ten to fifteen per cent. ash, and outside the furnace, perhaps two per cent. of moisture. No smoke was produced in an atmosphere of oxygen. Low temperature combustion and restricted oxygen supply appear to favor smoke production. The composition of soot was nearly the same as that of the coal from which it was produced.

ATTENTION SOLDIERS!

An Appeal to the Veterans of Orange County.

COMRADES:—You are called to be on hand Nov. 2d to defend your rights by voting for comrades who are with us and for good government, regardless of party. Stand by the people that stand by you; we are not alone in this battle for rights.

Our friends as well as ourselves have been deceived just once too often by the ring. We cannot stand this any longer.

Halt! About face! The ring which rules Republican politics in Orange county say that a soldier as a candidate cuts no ice, and long before the convention met had the ticket fixed and the convention did the bosses' bidding and turned the old soldiers down.

Regardless of politics we must make common cause against the ring ticket makers who ignore the rights of veterans, but expect us to stand by their ticket.

The Democrats stand by the boys in blue. They have put two of our comrades on their ticket—good men and true, C. B. Wood for Superintendent of the Poor and Daniel P. Schultz for Member of Assembly.

Now is the the time to show how much the soldier vote amounts to. By showing our strength now we will receive respectful consideration when we ask it in the future. The bosses dare not ignore us if we strike for our rights now.

Get in line, boys, against the Republican bosses and vote for the Democratic candidates. That's the party that stands by us and our friends.

REPUBLICAN SOLDIER.

WAS TOLD IT WAS "ALL RIGHT."

How Herbert B. Royce Came to Sign the "United Democracy" Petition.

Herbert B. Royce whose name is attached to the "United Democracy" petition of Charles F. Adams for the Court of Appeals says that he was approached by Boss Hock, while busy in the County Clerk's office and signed the paper without reading it, on the assurance that it was "all right." Several other signatures were secured at the same time and in the same way. Mr. Royce does not think he was well used by being tricked into such disreputable business, but admits that he was partly at fault in not reading the paper before signing it. He vows that he'll never be taken in in such a way again.

Mrs. E. Doremus, of No. 12 Cottage street, says:

"It was only a backache at first, then severe acute pains. Urinary difficulty followed causing me to rise frequently during the night and the secretions were feverish. A cold or overwork increased the pain. Sometimes my physician ordered me to go to bed, at other times backache compelled me to and kept me there for three or four days. I have had no less than four physicians prescribe for me. One said it was womb trouble, another said female complaint and still another kidney disorder. It did not make much difference what they pronounced the cause to be, all of them failed to cure me. I, with very little faith in their efficacy, obtained a box of Doan's Kidney Pills at J. E. Mills' drug store. If I was sure I would have no return of my trouble I could say I am radically cured for I have not a symptom of my old complaint, but I have so often been disappointed by doctors' medicines that I have lost faith and confidence in any remedy. I have stopped taking Doan's Kidney Pills for I had no need of them. The pain is gone and I am improved in general health."

Doan's Kidney Pills are sold for 50 cents per box, or six boxes for $2.50 Foster—Milburn Co., Buffalo, N. Y., sole agents for United States. Sent by mail on receipt of price. For sale by all dealers.

What Do the Children Drink?

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more GRAIN-O you give the children the more health you distribute through their systems. GRAIN-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about one-fourth as much. All grocers sell it. Fifteen and twenty-five cents.

HENRY GEORGE.

The news of the sudden death of Henry George, this morning, was a great shock to this entire community and a personal grief to many true men in it.

Few men have lived so venerated and loved by a great following as was this man; and it is to be said of him that those who did not accept his doctrines respected him, believing him sincere and aiming at noblest ends.

The world can ill spare a man so devoted to the great cause of humanity as was Henry George.

The Democratic nominations in the several towns in this county are excellent in every respect. If elected they will be serve the people of their towns with zeal, ability and fidelity. Vote for them.

The revolt against boss rule and office holding for term after term is growing in all parts of the county. The number of Republicans who will vote independently and who will refuse to wear the collars of the bosses is so large that the managers of the Republican machine are in a funk. The closing days of the campaign find them on a run. If the people of Orange county are true to themselves and their own interests they will give boss rulers fits on election day.

All reports indicate that victory is within the reach of the Democrats of Orange county, if they but do their duty on election day. Hundreds of Republicans will vote with them in order to rebuke boss rule and office holding for life. A full Democratic vote is all that is needed to insure Democratic victory. Let nothing keep you from the polls and make it a point to see that all your Democratic friends and neighbors vote.

The only hope that the people of Middletown have from oppressive taxation is in the election of Democrats to the city offices. If Republicans are elected things will go on in the old bad way and taxes will mount higher and higher. Judging from what the Republican organs have said in the present campaign their party doesn't know what municipal extravagance is. They have tried to make it appear that a tax rate of $28.75, the highest in the State, isn't really high and that an increase in city expenses from $65,058.65 in 1891 under Democratic rule to $102,751, this year, isn't worth talking about. It is useless to hope for economy and better government from a party that takes such a position. If you want lower taxes and more money in your own pocket vote the Democratic city ticket.

Election Law Provides for Such An Emergency—Pasters Must Be Used.

BY ASSOCIATED PRESS.

NEW YORK, Oct. 29.—The New York election law explicitly provides for filling vacancies caused in any manner whatsoever.

It requires that the names of one or more persons as authorized representatives of convention or petition be filed with each list of candidates.

These representatives have authority to substitute a new name for that of a candidate dying, declining or otherwise removed from the ticket. In the event of such substitution occurring after the official ballots have been printed, pasters bearing the name of the new candidate can be supplied with ballots.

IS NOT INSANE.

Court Refuses to Hold Behring, the Pullman Claimant.

CHICAGO, Oct. 29.—Gustav Behring, who was arrested for trying to force his way into the Pullman home the day the millionaire died and who claimed to be Pullman's son, has been discharged by Justice Martin.

He was rigorously examined by Dr. Bergeron, assistant city physician. He answered every question so promptly and rationally that he was pronounced not insane.

The police noted a remarkable resemblance between Behring and the dead millionaire in build, face, feature and expression. Behring says he was born in Germany 28 years ago. His mother was a kindergarten teacher who came to America as a governess. Mr. Pullman lived next door to the house in which she was employed.

He says his mother told him everything on her deathbed 17 months ago and gave him documents which, she claimed, proved the truth of what she said. One paper, he says, shows that Mr. Pullman paid his mother $500 to go back to Germany, where she arrived a few months before he was born.

Cures Talk

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver and kidney troubles, catarrh and malaria.

Such Cures as This Prove Merit.

"My little nephew was a plump and healthy baby until a year and a half old, then sores broke out behind his ears and spread rapidly over his head, hands and body. A physician said the trouble was scrofula humor in the blood. The child became one complete sore. We had to restrain his hands to keep him from scratching the sores. We were induced to try Hood's Sarsaparilla, and in a short time he had more life. He improved rapidly, his skin became entirely clear of sores and he is now a healthy child." MRS. MILK GOES UP ANOTHER QUARTER

The Price Advanced at Wednesday's Meeting of the Exchange.

The regular meeting of the Consolidated Milk Exchange directors was held in their rooms in New York on Wednesday afternoon of this week. After some discussion of the conditions of the market, the price was advanced one-quarter cent. per quart, commencing Nov. 1st. This makes the price 2¼ cents per quart, until otherwise ordered.

It will probably again be advanced on November 15th, and if the farmers do not "rush" the market by starting out with money and buying a pail of cows a dozen in the market, there is a prospect for a fair price all winter provided the supply is kept where it now is.

DR. PILLSBURY'S DECAPITATION.

Veterans Resent His Removal from the Newburgh Pension Board.

The old soldiers are doing a good deal of talking over Dr. Pillsbury's removal from the Newburgh Board of Pension Examining Surgeons. He was appointed on the petition of over 400 G. A. R. men, but it seems that Dr. Ross Elliott, of Montgomery, one of Tom Brantley's men, had been promised the place and in order that this promise might be fulfilled Dr. Pillsbury's head came off.—just as it would have done had he been a Democrat.

Old soldiers who have tried to fix responsibility for the decapitation have been referred from Bradley to Odell and back again until they are satisfied that both are in the deal. They don't like the decapitation of Dr. Pillsbury and they like still less the shuffling and evasion that has followed it. Some one will settle for it.

DANCE AT THE ARMORY.

A Good Attendance and a Pleasant Time—Lively Game of Basket Ball.

The opening hop of the season of '97-'98 was held at the Armory, last evening, a good sized crowd being present.

The 24th Separate Company Band rendered a number of musical selections during the early hours of the evening, after which an exciting game of basket ball was played between teams captained by Privates Gould and Dickerson. The former team was victorious by a score of 8 to 7. The game stood a tie when time was called at the end of the second half and play was continued until Captain Gould's team scored a point on three fouls by the opposing players.

An orchestra composed of several members of the 24th Band, led by Frank Bailey furnished music for dancing which was continued until after midnight.

A Grandfather's Hat, With Mementos of Its Journeys, in Goshen.

From Our Goshen Correspondent

The old "Ben Harrison Hat," which started several months ago from somewhere in Mexico and which has traveled about the United States ever since, receiving much notice from newspapers along its route, has arrived at Goshen dilapidated and bedecked with many express labels, photographs, quotations, cards and other trash, but still intact. Gus Dusenberry has it at the express office and will start over the road again in a day or two.

A MOUTHFUL OF VITRIOL.

A Newburgh Girl Mistook the Stuff for Water and Started to Drink It.

Nettie Eorby, twelve years old, carried her brother-in-law's dinner to Perry & Napier's hat shop in Newburgh, Thursday. While in the sizing room she saw a tumbler containing what she supposed was water. She picked it up and started to take a drink but the contents of the glass, a strong solution of vitriol, burned her mouth and lips so badly that she spat the stuff out without swallowing any of it. Her injuries are painful but not all serious.

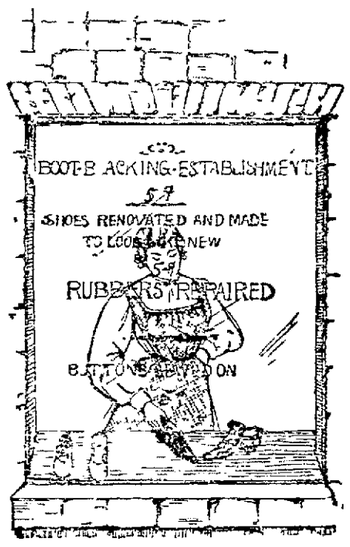
EARNING A LIVING

How a Cleveland Girl Is Carving Her Way to Fortune.

The Denver girl who so cleverly netted money to go to Vassar by bootblacking should have more followers for she now has the path in Cleveland there is a young woman who is carving her way to fortune if not to fame by a bootblacking establishment that has novel features

She has rented a window in a barber shop and here she has displayed a few



EARNING A LIVING
Novel Establishment Founded by a Cleveland Girl)

pairs of tan shoes On the window sheet is a sign which announces that boots are blacked for five cents and shoes renovated and made to look like new for five cents more She also tells you that rubbers are repaired and that buttons can be sewed on for five cents a shoe

The idea of a cheap establishment for the woman who wants to earn a living is obvious Fixing up one's own shoes is never a pleasant job and if for five cents you can leave them in a neat shop and get them the next day looking "like new" why there are many who would gladly do it

The Cleveland girl's utensils consist of shoe polish and brush These are alongside her principal easy chair where customers can be seated Upon the table near by she has oil several mysterious shoe grease a couple of irons and everything for the renovation of the shoe You leave an old boot here all greased dusty and out of shape and when you call next day you will find the crease ironed out, the dust removed the shoe straightened on the toe and a little good shoe grease rubbed into it

Rubbers she repairs as she would a bicycle tire and for five cents you can get the whole shoe fitted out with buttons

This is a new line of woman's work that needs only pluck to start it and maybe you will soon see women's boot blacking establishments on every block

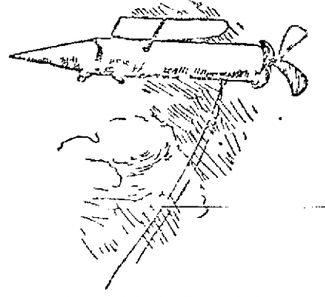
This instrument of destruction says the Illustrated American is attached



AN AERIAL TORPEDO
(Can Remain in the Air Just 100 Minutes)

by steel wires to a reel which is connected with the dynamo that supplies power It can be propelled and steered from the earth by the operator herself or by electricity at a distance of many miles It can remain in the air one hour and forty minutes and when it reaches the desired point a push of a button will drop the explosive upon the heads of the defenseless victims

Senorita Cisneros Rescued by a Newspaper Man.

Beautiful Cuban Patriot Gets Out of Her Prison at Night—She Is Now in This Country and Safe from Persecution.

The beautiful little Cuban patriot, Senorita Evangelina Cossio y Cisneros, heroine of the sensational adventure with the Spanish governor of the Isle of Pines, escaped the other night from the Casa de Recogidas, where she had been imprisoned for several months on the charge of conspiracy against the crown of Spain and of an attempt upon the life of Gov Berez, governor of the Isle of Pines.

At roll-call the next morning she was missing, and the attendants found that one of the iron bars of the room in which she had been confined had been filed and bent outward.

Karl Decker, the correspondent who rescued the Cuban maiden from her dungeon, is a Washington newspaper man He is just the person to have undertaken the foolhardy performance. He is a good-natured, reckless fellow, brave as a lion and willing to take any kind of chance. The spirit of adventure is born in him. He is as playful as a big Newfoundland dog and a Hercules in strength He never knew he could fight until about three years ago, when he accidentally encountered the bully of Washington. He hammered the bully into a state of insensibility in about two minutes, and since that time he has been impressed with the feeling that no man could stand up against him Thus far he has never met his match. Early last spring he was commissioned to go to Cuba and interview Gomez He penetrated to the insurgents' ranks and remained with them three months, narrowly escaping capture and death a dozen times He started on his second trip about two months ago. He appears to have been very busy since his arrival

The case of Senorita Cossio y Cisneros has excited the interest and sympathy of all Cuban sympathizers in this country This feeling has been the more acute because of the report widely circulated that if found guilty of the charges against her the sentence would be banishment to the Spanish penal colony, although the Spanish authorities pressed and showed every interesting to inflict the penalty

EVANGELINA CISNEROS
Rescued from a Cuban Prison by an American Newspaper Man.)

Her father Senor Cossio was a Cuban officer in the ten years' war, and when the present insurrection began he again took sides with the patriots He was arrested and sent to the Isle of Pines His small band of Cubans, awaiting an opportunity to join Gomez were left without a leader and were about to disorganize when Evangelina offered to lead them They received her with enthusiasm and made her their idol as well as their leader

A member of the band betrayed her to the Spaniards, and she was sent to join her father in the Isle of Pines July 27 of last year She had not been on the island long before she attracted the attention of Gov Berez who became infatuated with her The story goes that she indignantly rejected his advances, and that her father noticing the infatuation, laid a trap for the governor The latter called upon Evangelina who was civil to him for the first time and invited him into the house Scarcely had he entered when Senor Cossio and his Cuban confederates locked the room to find Evangelina struggling to free herself from the governor and weeping hysterically The governor was overpowered and bound and it was two days before he was released

Ultimately Cossio was again taken prisoner but his daughter escaped and like Rose Greenhow in a large oven it is said here she remained a day and a night and then almost famished she crawled to the house of a supposed friend who introduced her to the governor

Senorita Evangelina and her father were then sent to Havana where the former was lodged in the Casa de Recogidas amid the unfortunate and outcast women of the town And it was there that American sympathy in her case expressing itself through Consul General Lee and Mrs Lee, intervened and anything was done by the Spanish authorities to relieve her desperate condition

Crab Powder for Malaria.

A Russian journal calls attention to the fact that for some 20 years past the inhabitants of a malarial locality in the government of Kharkov have used powdered crabs with great success in the case of fevers The powder is prepared in the following way. Live crabs are poured over with the ordinary whisky until they get asleep, they are then put in a bread-pan in a hot oven, thoroughly dried and pulverized and the powder passed through a fine sieve One dose, a teaspoonful is generally sufficient to cure the intermittent fever; in very obstinate cases a second dose is required. Each dose is invariably preceded by a glass of aloe brandy The powder is used in that locality in preference to quinine

Are you sure

that you're using the right thing for washing? If the work is slow and hard, and you have to depend upon rubbing, then you ought to get something else. And even if you have something that saves work, it may be bad for the clothes. You may be ruining them.

Pearline gives the easiest, quickest, most economical washing, of anything that's safe to use. The more you investigate, and inquire and compare, the surer you'll be that Pearline is the only right thing to wash with. 540

Send it Back Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back.* JAMES PYLE, New York.

Disappointed.

She married a man who had plenty of gold
And was almost ready to die;
But to-day she is sad, for, although he is old
And the months and the years are hurrying by,
He seems to get stronger day by day;
And, oh! let the horrible truth be told,
This morning she uttered a bitter cry
When she twisted her soft, brown locks around,
And there, reposing among them, found
A hair that was turning gray

HYMENEAL.

Tyler—Bush.

Correspondence ARGUS and MERCURY.

A very pretty autumnal wedding took place in the Presbyterian Church, Cochecton, at 12 o'clock, Wednesday, Oct. 27th, when Miss Bertha V., daughter of Artemus T. Bush, was united in marriage to Webster S. Tyler. The ushers were Irvine A. Bush, brother of the bride and Dr. B. L. Tyler.

As the bridal party, consisting of the bride and groom and ushers passed up the aisle, Mendelssohn's beautiful wedding march was played by Miss Musette Appley.

Soft slow music accompanied the ceremony, and as the happy pair left the church, the organ pealed forth beautiful strains bidding them God speed.

Rev. Otto R. W Klos, pastor of the church, performed the beautiful ring service, which united the happy pair for life.

The bride was becomingly attired in a traveling suit of sage green, trimmed with brocaded silk and passementerie, with hat to match. The groom and ushers wore customary black. The church was prettily decorated with ferns, palms and cut flowers.

The bride and groom left immediately after the ceremony, for an extended trip. On their return they will reside at the groom's home in Damascus.

Among the out of town guests who attended the wedding were Mrs. Munson Muir, of Newburgh; Mrs. James Bush, of Honesdale; Mr. and Mrs. A Crans and Miss Crans, of Crystal Run; Mr. and Mrs. John Akers, Miss Akers, Miss Elizabeth Tyler, Miss Ella Ross, Mrs. Herman Rixton, of Callicoon; Miss Katherine Smith, Miss Carrie Frasier, of Bethel; M. Webster Sherwood, of Livingston Manor, and G. C. Penney, of New York.

Many beautiful and useful presents were received.

"VAL" POWELL IS "BOSS."

His Title to Supremacy in the First Ward Confirmed by Big Boss Tompkins.

"Val" Powell has been officially notified by Mr. Tompkins that he is the boss of the First Ward, and that "Jim" Brazee and Scott Cook are mere water-carriers.

"Val," it is understood, will have the distribution of "inducements" to voters, too, on election day. The fact that ex-Mayor Stansbury took the distribution of "inducements" out of "Val's" hands was a sore spot in his anatomy for some time, but now he's taller and more pompous than a drum major and can't even see down to Scott Cook. When "Jim" Brazee demanded "Val's" canvass books, on order of Bedell, "Val" rudely told him to go back to Long Island.

WAWAYANDA WHIPPOORWILLS.

Had a Merry Dance at Emmet McBride's, Thursday Night.

The Wawayanda Whippoorwills met Thursday night at the home of Mr. and Mrs. Emmet McBride near Springside. About fifty couples were present and the evening was pleasantly spent in dancing to the music of Terwilliger's orchestra. A bountiful supper was served about midnight and dancing was then resumed and continued until well on toward morning. Some of the dancers, finding the house too crowded, adjoined to Mr. McBride's new wagon house and tripped the light fantastic there.

Among the guests were a number from this city.

The club will meet week after next at the home of the Misses Reeve.

LUCKY FISHERMEN.

Fine Catches of Pickerel Made Thursday.

S. S. Shorter and Thomas Perry returned from a fishing trip at Bisha's Kill, Thursday night. They had twenty-three pickerel which weighed thirty-five pounds. Mr. Shorter caught six fish which weighed fourteen pounds, the heaviest weighing four and one-half pounds.

Wreck on the Erie at Binghamton.

The west bound Wells-Fargo express on the Erie ran into a freight train at the Lackawanna crossing in Binghamton, about 2 o'clock Thursday morning. The engine was somewhat damaged and two cars were wrecked. The engineer and firemen jumped and escaped with slight injuries. The accident was due to the engineer mistaking the signals.

IN THE RAILROAD WORLD.

—The Warwick *Advertiser* notes that the Lehigh and Hudson, alarmed at the possible loss of Glenwood's business by the extension of the Borbuck railroad to that village has offered to build a spur from Vernon to Glenwood if the right of way is given.

—A system of interlocking switches controlled by a towerman has been put in operation by the Erie at the Oxford Summit. This obviates the necessity of running the Greycourt pusher engines to Monroe in order to cross over to the west bound track for their return, and will expedite matters.

EVANGELISTIC SERVICES BEGUN.

A Very Large Audience Greeted Evangelist Geil at His First Meeting—An Earnest Address—An Executive Board Chosen and Working Committees Named.

A large audience, a large proportion of whom were men, attended the First Congregational Church, last evening, to listen to the opening address of Evangelist William E. Geil in the series of union gospel services to be held in this city. Those who came filled every sitting in the spacious auditorium down stairs and overflowed into the galleries nearly filling the latter. The audience was a representative one from the churches most interested in the movement and gave Mr. Geil the closest attention.

The singing was led by a chorus choir under the leadership of Samuel Hampson and was heartily engaged in by the congregation. Dr. Robinson presided over the meeting and Dr. Beattie introduced the speaker. In his remarks Dr. Beattie referred to the circumstances which had led Mr. Geil to come here and conduct evangelistic services. It seems that Mr. Geil had come here on the invitation of one of the pastors two years ago and had met the pastors in a conference.

Last summer while attending Mr. Moody's meetings at Northfield, Mass., Mr. Geil was very strongly and plainly impressed that he must come here and preach the gospel this season. In obedience to this call he at once began negotiations, entirely on his own responsibility, which resulted in his engaging the Casino for ten nights. Subsequently he visited the city and six of our churches decided to unite with him in what is believed will be a powerful religious movement in this city.

Mr. Geil is a young man of good presence and impressed the audience as a speaker of originality and force. He chose for his subject Proverbs xxviii:13. "He that covereth his sins shall not prosper but whoso confesseth and forsaketh them shall have mercy."

From this text he preached a plain, straightforward sermon, in which deceit and lying were uncovered and given their simple Anglo-Saxon names. He also gave a graphic description of some of the principal scenes of the book of Jonah, in which he claimed to believe as implicitly as in the rest of the Bible, which elicited from some one in the audience, the exclamation, "That is right!" The members of the vast audience were in entire sympathy with the speaker and at times were entertained with the humor of the address, and again made very serious by the grave import of the subject as unfolded by Mr. Geil.

The impression was one of a speaker whose methods of presenting the gospel are such that they are bound to hold the attention of church going people and also attract that class who are not ordinarily seen in our churches. Moreover church workers recognized in Mr. Geil a man of force and one who has an understanding of the work in hand, and therefore one with whom they gladly unite in an earnest and sustained effort to save souls.

At the close of the service, pastors and representative business men met and elected an executive board. They in turn elected Robert Cochran as president and H. B. Woodward secretary and held a long session. Various boards were appointed and the services will from henceforth be greatly assisted by the prompt actions of the committees.

The executive board is in entire sympathy with Mr. Geil and his methods and will lend to the movement their influence and ability. He is admired as a general and for his determination to admit of no claptrap or trickery.

Services to-night and Saturday night.

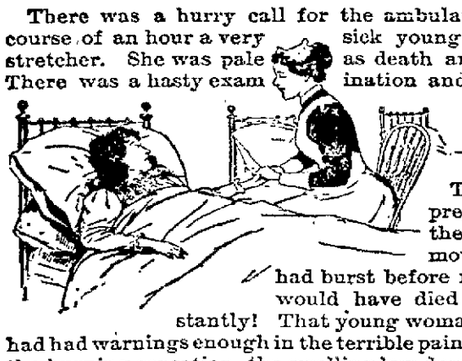
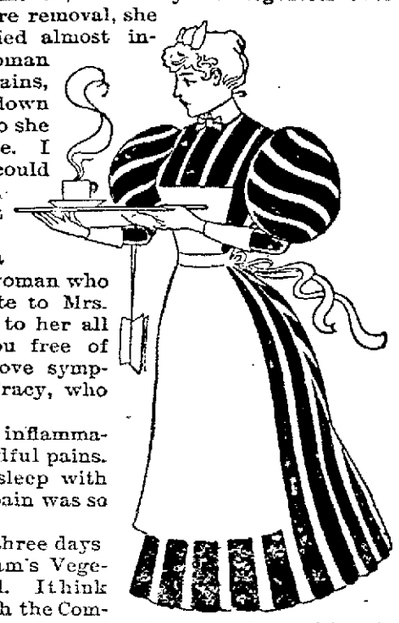
AN INCIDENT AT THE CITY HOSPITAL.

A Woman's Life Barely Saved by a Critical Operation—Her Health Destroyed.



There was a hurry call for the ambulance of the City Hospital. In the course of an hour a very sick young woman was brought in on a stretcher. She was pale as death and evidently suffering keen agony. There was a hasty examination and a consultation. In less than a quarter of an hour the poor creature was on the operating table to undergo the operation called ovariotomy.

There was no time for the usual preparation. Her left ovary was on the point of bursting; when it was removed, it literally disintegrated. If it had burst before removal, she would have died almost instantly! That young woman had had warnings enough in the terrible pains, the burning sensation, the swelling low down on her left side. No one advised her, so she suffered tortures and nearly lost her life. I wish I had met her months before, so I could have told her of the virtues of Lydia E. Pinkham's Vegetable Compound. As it is now, she is a wreck of a woman.



Oh, my sisters, if you will not tell a doctor your troubles, do tell them to a woman who stands ever ready to relieve you! Write to Mrs. Pinkham at Lynn, Mass., confide freely to her all your troubles, and she will advise you free of charge; and if you have any of the above symptoms take the advice of Miss Agnes Tracy, who speaks from experience and says:

"For three years I had suffered with inflammation of the left ovary, which caused dreadful pains. I was so badly affected that I had to sleep with pillows under my side, and then the pain was so great it was impossible to rest.

"Every month I was in bed for two or three days I took seven bottles of Lydia E. Pinkham's Vegetable Compound, and am entirely cured. I think there is no medicine to be compared with the Compound for female diseases. Every woman who suffers from any form of female weakness should try it at once." MISS AGNES TRACY, Box 432, Valley City, N. D.

GOSHEN VOCAL SOCIETY'S REUNION

"Acis and Galatea" Beautifully Rendered—A Business Meeting and a Social Hour—The Society in a Most Satisfactory Condition—Its Officers.

From our Goshen Correspondent.

The annual reunion of the Goshen Vocal Society was held at Music Hall, last evening. The attendance was by invitation only and there were present, including the members of the society, the patrons, the associate members and invited guests, perhaps 150 persons.

The musical programme consisted of the rendition of Handel's serenata, "Acis and Galatea," by the society, assisted by Miss Myrta French, soprano; John I. Young, tenor; C. Judson Bushnell, bass, and Mrs. Mary F. Andrus, accompanist. Many pleasant things have heretofore been written regarding these artists and a repetition of them is needless. They are undoubtedly as good a trio of soloists as are known to a Goshen audience.

"Acis and Galatea" is a love story, although just what sort of a love story it may be underneath the superficial effect of its rendition a careful person will, on reflection, guard himself from saying on his own authority, and besides it "has nothing to do with the case."

It abounds in solo work and contains but little for the chorus. Both the tenor and bass had solo parts of nearly twenty minutes length.

One of the most pleasing things on the programme was the chorus "Mourn all ye Muses." The music is in places monotonous, then catchy and pleasing. As a whole it is eminently satisfactory. There was liberal applause throughout the concert, and there were likewise liberal refreshments immediately following it.

The reports of the librarian, secretary, treasurer and musical director were rendered. They told of the work of the society during the year past and of the state of its finances. The society's present condition is flourishing and reflects credit upon its management.

An hour was socially spent after the reports were tendered. The next concert of the society will be given on Tuesday, November 23, when Gounod's "Gallia and Messe Solennelle" are to be rendered.

The officers of the society are: Rev. Robert Bruce Clark, musical director; J. W. Goff, president; E. N. K. Talcott, treasurer; G. B. Wilkins, librarian; Miss Minerva Markly, secretary, and Miss Carrie S. Ray, historian.

He pleaded not guilty and asked for an examination, which was set down for Monday morning at 10 o. m. Justice John Wiggins acted as associate judge with Recorder Barnes, this morning, as required by law in a matter of this kind.

Mountain Forest Fires.

Forest fires on Black Rock mountain, near Cornwall, have done considerable damage during the past few days. Back of Fishkill the fire a few nights since extended on both sides of the mountains and the smoke covered that portion of the sky. Large quantities of cord wood were destroyed. However, by the vigorous work of the various land owners, the fire was stayed and finally subdued.
